

Adopt Me!

On March 2, 2012, our family got a big surprise when our recently-adopted little 18 lb. corgi mix gave birth to seven puppies. Up until a few weeks beforehand, we didn't know she was already pregnant when she came to us.

While we have found homes for a few of the puppies and are able to keep some pups ourselves, **we need one more home for one very lovable boy, pictured at right. We call him Big Brown.**

Big Brown has a beautiful, short-haired golden coat and green eyes. He is 35 lbs, has had all his

vaccinations, and is neutered and housebroken. Big Brown loves to play and chew his dog

toys, and is a fast learner if you are holding a dog biscuit. At left, you see him and two of his siblings waiting patiently for a treat.

BB has been raised as an indoor dog (for sleeping) with playtime spent out in a yard. We are looking for a family with something similar to offer. Big Brown would make a good companion for an older dog, esp. a female. He is still a puppy, and so may not be ideal for a family with very small children, but kids over 7 or 8 yrs old would be OK.

If you are looking for a good, friendly puppy

dog, come visit Big Brown. We only require a home check, which means if you are interested in adopting Big Brown, we will want to visit your home and yard to make sure all is safe, that your yard is fully fenced and secure, has some shade, etc. Contact Sue by e-mail at gliderbee@earthlink.net or call 626-616-1955, and set up an appointment.
